CHAFFEE'S MESSAGE.

Confirms the Capture of Pekin and the Rescue of Legationiers.

ARE STILL FIGHTING

The Empress Dowager Still Detained in the Inner City—The Allies Are Bombarding Inner City—Eight Are Wounded.

Washington, Aug. 20.—From Gen. Chaffee the war department received official confirmation of the fall of Pekin and the rescue of the besieged legationiers.

The dispatch of the American commander was not long, and contained few details, but the unconcealed satisfaction with which it was received by the officials indicated clearly the anxiety that has been engendered by his prolonged silence. His last communication to the government prior to the receipt of Sunday's advices, was dated Aug. 11, at Matow, almost 30 miles from Pekin. The explanation of his silence is suggested in advices received by the navy department from Admiral Remy, who, telegraphing from Taku on Aug. 18, says the telegraph line between that point and Pekin is interrupted.

The cablegram from Admiral Remy contains some important information not mentioned by General Chaffee. He makes the startling statement, on Japanese authority, that the inner city of Pekin was being bombarded by the allied forces. Admiral Remy also says that the dowager empress is detained in the inner city by Prince Yungde.

Advices received last night from the foreign office at Tokio, Japan, by the Japanese legation in this city, confirm and amplify previous accounts of the allied troops.

Following is the text of the dispatch from General Chaffee:

Che Foo, Aug. 20.—Adjutant General, Washington: At Pekin, Aug. 15, we entered the legation grounds at 5 o'clock at night with the Fourteenth and light battery. Eight wounded during the day's fighting. Otherwise all well."

It will be noted that the dispatch indicates that the American troops entered the legation grounds at 5 o'clock on the evening of Aug. 14. By the Washington officials and by the several legation officials to whom it was shown, the date of General Chaffee's communication is regarded as an error in transmission. It is believed that the word "fifteenth" should be "sixteenth." All previous advices, official and unofficial, have indicated that the legations were relieved on the evening of Wednesday, Aug. 15.

The fact that only the Fourteenth infantry and Riley's battery entered the city, as shown by General Chaffee's dispatch does not indicate that the Ninth infantry and marines, who were so conspicuously gallant throughout the advance upon the capital, did not participate in the engagement which resulted directly in the rescue of the besieged legationiers. It is pointed out as likely that General Chaffee, acting with the other commanders, divided his force, leaving the Ninth infantry and the marines without the walls of the city to act as a rear guard and try to prevent the escape of the Chinese troops by other gates than those through which the allies entered, or for some other excellent reason. Only two battalions of the Fourteenth regiment are with General Chaffee. They comprise about 800 men. This would indicate that only about one-third of Gen. Chaffee's force actually had entered the city at the time he sent his dispatch. The fact that only eight of the American force were wounded, none being killed, is regarded as notably fortunate.

Still Fighting.

Rome, Aug. 20.—A dispatch from Taku via Che Foo, Aug. 18, says: "Fighting continues in the streets of Pekin, and the allies have bombarded the point that is still resisting. Prince Yung prevented the departure of the empress dowager."

Cause of the Arrest.

London, Aug. 19.—The Rome correspondent to the Daily Mail says:

"The arrest of Maresca and Guida in New York arose out of some letters received at Bresci's lodging subsequent to the assassination of King Humbert. One of these, dated New York, July 2, and signed 'Mabor' urged Bresci to commit the crime, urging that Maresca and Guida would do their duty toward President McKinley. Maresca is known to the Italian police as a most fanatical anarchist."

Prostrated at the News.

Barbourville, Ky., Aug. 20.—Caleb Powers' mother has been prostrated ever since she heard of her son's conviction. Mrs. Powers said her son had at all times proclaimed his innocence to her and she relied upon his word. Powers' father is an old man, a farmer of moderate means. It is said he has about exhausted his financial resources in his son's behalf.

KILLED HIS FATHER.

James H. Burnham Was Forced to Kill His Father in Self Defense.

Lincoln, Neb., Aug. 20.—James M. Burnham, publisher of the Wymoran, at Wymora, Neb., shot and killed his father, Captain Collins A. Burnham, at their home Sunday. A coroner's jury immediately exonerated him. Both the father and son were prominent political workers in the county. The killing was in self-defense. The son gave himself up to the officers.

This morning the captain came home in a delirious state and made an assault upon his son. The father used a butcher knife and after getting his son in a corner, was in the act of plunging the knife into his body. When there was no other alternative, the son drew a pistol and fired. The bullet went through the father's heart, killing him instantly.

FROM THE KLONDIKE.

Quartz Strikes Have Been Made and Freight Is Rushing to Dawson.

Victoria, Aug. 20.—The steamer Amur arrived here Sunday from Skagway, bringing advices that Hon. Richard Mansfield White of New York, explorer and mine owner, in an interview given at Skagway contends that the Klondike is an American territory.

Quartz strikes have been made on Lake Bennett, a ledge seven feet wide having been traced for a considerable distance. The quartz is rich in gold and silver. Gold and copper strikes were also made on the west side of the lake, five miles south of Caribou.

The work of grading the roadbed of the Chitkat railway commenced Aug. 15. Corporal Johnson and Policeman O'Brien of the mounted police were drowned Aug. 11 by the overturning of a canoe near Tagish.

Alexandria, Ind., Aug. 20.—The entire plant of the Kelly Ax Manufacturing company, valued at \$800,000, was destroyed by fire Sunday night. This was the largest ax factory in the world, employing some 800 or 1000 men when running a full force. This was the only independent factory of its kind in the United States. The plant was well insured.

Mahaney City, Pa., Aug. 20.—After many hours of desperate battling with deadly white damp, one of the successive rescuing parties succeeded Sunday in locating the bodies of George and William Thomliss and Charles Irtis, who were entombed Saturday in the burning of the Primrose colliery. The bodies were found near the middle of the tunnel. They were lying in a heap.

MADISON COUNTY.

Reunion Echoes and Other Items of Interest to All.

From the Madisonville Meteor.

It is reported that cotton is be-
ing attacked by "rust" in many
sections.

The populists held a meeting at
court house Monday afternoon at
which it was decided that no tick-
et be put out.

A hen egg measuring eight inches
the long way and six and one-
half inches the other was handed
us by E. B. Seay Sr. this week.

From reports we learn that the
work now being done on the roads
in the Navasota bottom by the
Bryan merchants is substantial and
will render the roads passable at all
times. It will be greatly appreci-
ated by all classes.

The taxable values of Madison
county have increased nearly \$100,-
000 within the past year. It was a
big surprise to our commissioners
and is a gratifying piece of news
to the people generally.

Messrs. W. L. Dean and E. B.
Seay attended the State convention
at Waco last week, the former be-
ing elected a member of the execu-
tive committee from the Fifteenth
Senatorial district and the latter
was placed on the committee on
permanent organization.

Logue Horton, charged on the
docket with murder, died of con-
gestion last week. Horton and
several others were charged with
killing a negro by name of Zack
Bennett at his home out near the
San Antonio crossing. All the
cases were dismissed except against
Horton and no trial had ever been
had on his charge.

The frame work on the new
school building has been complet-
ed, most of the weather board-
ing put up and everything is in read-
iness for the roof to go on. The
frame work is good and strong and
the two lower recitation rooms are
going to be large and comfortable.
It is a fine building and will add
much to the town. A fine school
is expected this fall.

Sheriff Black on last Sunday
evening arrested John Brownlee,
charged with killing Wall Mc-
Donald, at his father's home a mile
east of town. At time of his arrest
John was in the bed sick. It
seems that he left Leon county on
Tuesday night after the killing,
coming back into this county and
establishing a camp some seven or
eight miles east of town. At the
camp he was taken seriously sick

and on Monday night previous to
his arrest on Sunday went to his
father's house where he remained
until apprehended. By agree-
ment of attorneys the case was ad-
mitted to be bailable, and \$3000
set as the amount, which was given
the same evening and the defend-
ant released.

Fatal Arkansas Duel.

Van Buren, Ark., Aug. 20.—Word
has just been received here from Union-
town, a small inland trading point
20 miles distant, of a fatal pistol duel
at that point Friday evening between
Henry Truitt and Morton Mills, result-
ing in the death of the latter and the
wounding of the former. Bad blood
had existed between the two men since
Truitt's marriage two years ago. Fri-
day afternoon they met in a country
road, and each drew a gun and opened
fire. Mills falling, shot through the
heart. Truitt was able to mount his
horse, and fled toward the Indian Terri-
tory.

Indiana's Wheat Crop Short.

Wabash, Ind., Aug. 20.—Reliable
grain dealers from all parts of the state
have collected statistics showing total
yield of wheat in Indiana for the pres-
ent year. The figures indicate that the
production is the smallest for many
years, and not exceeding 8,000,000 bush-
els against from 25,000,000 to 40,000,000
for several years in succession prior to
1899. The crop is a practical failure;
there being little more than enough
grain raised for seeding and leaving a
shortage for bread and seed of at least
1,000,000 bushels.

Troops for the Orient.

San Francisco, Aug. 20.—The trans-
port Sherman has sailed for Tokyo
by way of Nagasaki. The second battalion
of the Twenty-second infantry from
Fort Thomas, Ky., and a battalion of
the Eighth infantry from Fort Snelling,
Minn., which, with the Fifth infantry
have been ordered to sail on the Sherman
arrived and are at the transport dock.
Companies A and B, of the First in-
fantry from Fort Riley, Kas., arrived at
the Presidio where they are awaiting
sailing orders.

Lively Two-Pound Baby.

Sallisaw, I. T., Aug. 20.—A baby was
born Friday night to Mr. and Mrs. John
Casey, living at Bayou, 10 miles west of
this city, which measured only eight
inches in length and weighed but two
pounds. This diminutive creature is as
lively as a cricket and shows every indi-
cation that it will live and thrive. An
ordinary finger ring will pass over its
arm and up to its shoulder. It is cred-
ited as being the smallest perfectly
formed baby ever born in the Indian
Territory.

Youtsey's Case Called.

Georgetown, Ky., Aug. 20.—At 10:15
o'clock this morning when the case of
Henry E. Youtsey was called, the de-
fendant, looking pale and weak, was
brought in and took a seat by his wife
and just behind his counsel. When the
list of witnesses was called ex-State
Treasurer Walter Day failed to respond
on motion of the commonwealth his
recognizance bond was forfeited and
an attachment issued.

Youtsey Still Sick.

Georgetown, Aug. 20.—Youtsey's at-
torney filed a certificate from his physi-
cians that he is practically unable to go
into trial today.

Killed While Coupling Cars.

Fort Dodge, Ia., Aug. 20.—James P.
Baker, foreman of the Chicago, Minn-
neapolis and St. Paul round house at
Storm Lake, was crushed between two
passenger coaches while attempting to
couple them. The cars were equipped
with different forms of couplers, and
one slipped by the other allowing the
platforms to almost meet. The unfor-
tunate man was caught about the mid-
dle of the body, and on being released
stepped out from between the cars and
fell to the ground, bleeding from mouth
and nose. He was taken as soon as pos-
sible to his home, and died in about
half an hour from internal hemorrhage.

Fatal Shooting.

Leavenworth, Aug. 20.—James Wal-
lace, a wealthy farmer was shot and al-
most instantly killed in Platt county,
Missouri, near East Leavenworth, by a
neighbor, Dr. Arrington, in a quarrel
over a line fence. Arrington then went
home to his mother-in-law widow Wil-
liam Wallace and shot her to death.
Arrington escaped in a wagon with the
young daughter, but was pursued by the
sheriff and a posse which came upon
Arrington in the road near Farley. The
murderer opened fire, fatally wounding
Sheriff Dillingham in the breast. As he
fell, Dillingham shot Arrington through
the heart.

TH

A Father Shoo... Wife and Two Step-
Children in Minnesota.

Arlington, Minn., Aug. 20.—Sunday
night Theodore Willart, a farmer living
three miles from town, killed his wife
and two little step children, a girl of 16
and a baby, and seriously injured his
19-year-old stepson. He then set fire to
the barns destroying the stable with
nine horses, corn crib and a full hay
barn. Three years ago Willart married
the widow Starnbors, and for some little
time they have been having trouble,
the wife recently trying to secure a di-
vorce and had taken means to prevent
Willart from coming to the farm.

Sunday morning after practicing in
the woods with a revolver, he returned
to the house and entered by one of the
windows. His wife, evidently alarmed
by the noise, was shot and killed as she
was leaving the bed. The baby was
found dead on the lounge and the girl on
the floor in her bedroom. The second
boy was seriously wounded and has
been brought to town. It is feared he
may die. Willart fled to the woods after
the crime and has not yet been located.

Five of the Family Died.

Pine Bluff, Ark., Aug. 20.—Lewis,
the 10-year-old son of Dr. and Mrs. W.
B. Williams, died at Linwood last week.
This was the fifth death in the family
in the last four weeks. Smallpox and
typhoid fever raged in the household at
the same time. The whole family of
eight were sick at the same time.
The mother, father and a son are the
only remaining members. Dr. W. B.
Blankenship's wife died a few weeks ago
of smallpox in the same house. The
doctor moved out. The Williams family
moved in, and then its troubles be-
gan.

Smuggling Cotton Into Mexico.

Brownsville, Tex., Aug. 20.—The cot-
ton buyers of Brownsville are much dis-
turbed by the extensive smuggling of
cotton from this side of the river into
Mexico, where the protective duties of
that country make the staple bring a
higher price. It is understood that the
Brownsville buyers have, or intend to
notify the government at the City of
Mexico of the situation here, in the
hope that the illicit traffic will be
suppressed.

New Anglo-American Treaty.

Washington, Aug. 20.—The state de-
partment gave out a treaty between the
United States and Great Britain relat-
ing to the tenure and disposition of real
and private property. The instrument
was signed last year, but ratification was
not executed until last month. It is a
long document of seven articles and pro-
vides in detail the manner of distribut-
ing the property of deceased citizens of
either country who die in the other
country.

Kansas City Firemen Barred.

Paris, Aug. 20.—The Kansas City fire
brigade has been disqualified for secur-
ing prizes at the international exhibi-
tion of fire apparatus at Vincennes on
the ground of professionalism, the staff
being paid. The men were permitted,
however, to give an exhibition. As re-
gards speed in preparing their apparatus
for reaching the top of the buildings,
and the height and distance of project-
ing water, they outclassed all competi-
tors.

Fell From a Train.

Dickinson, Tex., Aug. 20.—Ed. Bart-
lett, a 15-year-old boy, fell from a north-
bound excursion train on the Missouri,
Kansas and Texas, returning from Gal-
veston, and was severely injured. He
is the son of John Bartlett of Bartlett,
Tex., and went to Galveston on the ex-
cursion unaccompanied. He is being
cared for at the residence of Dr. Garner.

ber of cattle assessed for 1900 is 29,006,
valued at \$341,072. The number of
horses assessed for 1900 is 6023, valued

Cattleman Killed.

Wichita, Kas., Aug. 20.—Mr. Huff, a
cattleman and farmer, was shot dead in
his own home in Custer county, Okla-
homa, Friday night by some one who
fired through an open window. The
herd law there is said to be the cause of
the crime and more trouble is feared.

Maimed by Lightning.

Santa Fe, N. M., Aug. 20.—John H.
Walker, deputy United States mineral
surveyor, formerly of Missouri, was ter-
ribly hurt by a stroke of lightning. He

the deed.

PEACE NEGOTIATIONS.

Li Hung Chang Wants Minister Conger as Peace Commissioner.

PEKIN OR TIEN TSIN.

Will Be the Place to Hold the Peace Conference—Does Not Ask for Troops to Be Withdrawn, Nor Suggest Terms.

Washington, Aug. 20.—The Chinese government, through Li Hung Chang, has made application to the United States for the appointment of Minister Conger or some other American official with authority to open negotiations for the establishment of peace and fixing definite terms for the settlement of the present trouble. The application came to the Chinese minister Monday and was taken by him to the state department.

Li Hung Chang's application of the appointment of a peace commissioner expresses a willingness to conduct the negotiations at a point desired by the powers and expected to be Pekin or Tien Tsin. Similar application was made by Earl Li to all the powers interested. His suggestion of Minister Conger as the American commissioner was the basis upon the idea as Minister Conger had been rescued, he has now the opportunity to proceed to the point where negotiations are to be held and to conduct them. The application does not suggest any particular terms, nor does it ask for the withdrawal of troops. It requests that negotiations shall be for the purpose of bringing about a cessation of hostilities.

LIST OF CASUALTIES.

Seven Killed and Two Wounded of the Americans—Royal Family Escaped.

Washington, Aug. 20.—The bureau of navigation has received the following cablegram from Admiral Remey:

"Taku, Aug. 19.—Authentic reports from Pekin of Aug. 15, from Lieutenant Lattimer, troops are moving on the imperial city. Clearing out of the Tartar city of all Americans who remained in Pekin, except one child.

Captain Myers has recovered from his wound, has typhoid fever, crisis has passed and is now convalescing. Assistant Surgeon Lippett wounded, upper left leg bone fractured. Leg saved and is now recovering.

The following were killed during the siege of Pekin:

Sergeant J. F. Fanning; Privates C. B. King, J. W. Tucker, J. Kennedy, R. E. Thomas, A. Turner and H. Fisher.

Wounded—Private J. Schroeder, on elbow, severe, now dangerously ill from fever; Seaman J. Mitchell, upper arm, severe, now recovering. All other wounded and sick have returned to duty.

Casualties of Major Biddle's command of the attack on Tan Tating: First Lieutenant Butler, chest; Private Green, wrist; Private Warren, right temple. All slight.

It is reported from Chinese sources that the royal family escaped and is en route to Sian Fu."

AFTER THE EMPRESS.

Japanese Cavalry in Hot Pursuit of the Empress Dowager and the Treasure.

London, Aug. 20.—The Japanese cavalry left Pekin in pursuit of the dowager empress and court, according to a telegram from the north received at Shanghai by Chinese officials. These dispatches aver that the empress and her treasure train, protected by 30,000 troops have already arrived at Wu Tai San, in Shan Si province.

The field telegraph north of Yang Tsun is interrupted and nothing under a Pekin date appears to have reached Yang Tsun since August. Heavy rains have been falling in the province of Pe Chi Li.

Landing of British troops at Shanghai is not causing excitement among the natives. A detachment of 100 French marines landed there today.

The customs cruiser is reported to have gone to Tien Tsin to take away the foreigners rescued from Pekin.

Many influential Chinese have interested themselves as to the fate of the Chinamen sentenced by the English court at Hong Kong to six months imprisonment at hard labor because he was a member of a triad society.

Japanese in the Imperial Palace.

Washington, Aug. 20.—The Japanese legation has received several important dispatches. One received from Tokio, dated Aug. 19, says:

"After the entry into Pekin was effected by the allied troops, the Japanese troops on Aug. 15, betook themselves to and remained in the imperial palace. A body of Japanese troops was told off to guard the palace there, and they met with obstinate resistance. Fighting is still going on. Headquarters of the Japanese army are in the legation and the division is mainly quartered in the villages outside of An Ting Men."

Still Bombarding.

Berlin, Aug. 20.—The foreign office received a dispatch from the German consul at Ch. Foo under Monday's date, saying the dowager empress is believed to be inside the palace at Pekin and the allies still bombarding the fortifications.

Bound for China.

Berlin, Aug. 20.—Field Marshal Count von Waldersee, accompanied by his staff, left Berlin enroute for China.
